(57)

**CLAIM**

The ornamental design for a portion of a display screen with graphical user interface as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a portion of a display screen with graphical user interface showing our new design.

The outermost dash-dash broken line illustrates the portion of the display screen that forms no part of the claimed design. The remaining dash-dash broken lines and white spaces surrounded by the dash-dash broken lines illustrate portions of the graphical user interface that form no part of the claimed design. The dash-dot broken lines represent the bounds of the claimed design that form no part of the claimed design.
