Fig. 1 is a front perspective view showing a triple tap electrical connector according to our new design.

FIG. 2 is a rear perspective view showing the triple tap electrical connector according to our new design.

FIG. 3 is a plan view taken from the top side of the electrical connector as shown in FIG. 2, the bottom side thereof being identical.

FIG. 4 is an elevational view taken from the left side of the electrical connector shown in FIG. 3, the right side thereof being a mirror image.

FIG. 5 is an elevational view taken from the front side of the electrical connector shown in FIG. 1; and,

FIG. 6 is an elevational view taken from the rear side of the electrical connector shown in FIG. 2.

The broken lines shown in the drawings are included for the purpose of illustrating environmental structure and form no part of the claimed design.
