UNITED STATES PATENT OFFICE.

RAFFAELLO ASTARITA, OF NEW YORK, N. Y., ASSIGNOR TO SONDIHEIM & MAGNUS, OF SAME PLACE.

DESIGN FOR A PILLOW-TOP.

SPECIFICATION forming part of Design No. 32,647, dated May 8, 1900.

Application filed April 4, 1900. Serial No. 11,542. Term of patent 3½ years.

To all whom it may concern:

Be it known that I, RAFFAELLO ASTARITA, a subject of the King of Italy, and a resident of the city of New York, borough of Manhattan, in the county and State of New York, have invented and produced a new and original Design for a Pillow-Top, of which the following is a full, clear, and exact description.

Reference is to be had to the accompanying drawing, forming a part of this specification, in which the figure is a face view of a pillow-top, showing my design.

The design in its entirety consists of the representation of violets, singly and in bunches, the latter appearing tied with ribbons, the whole being inclosed in an ornamental border, a portion of which is in the form of scrolls, and the other portion being formed by some

of the ribbons with which the bunches of the violets are tied, one bunch of violets and the ribbon therefor appearing prominently at the middle of the field inclosed by the border.

The leading feature of the design consists of the representation of violets and the border.

Having thus fully described my invention, I claim as new and desire to secure by Letters Patent—

The design for a pillow-top, as herein shown and described.

In testimony whereof I have signed my name to this specification in the presence of two subscribing witnesses.

RAFFAELLO ASTARITA.
