UNITED STATES PATENT OFFICE.

JUSTUS C. W. STROVER, OF URBANA, ILLINOIS.

DESIGN FOR SIDING.

SPECIFICATION forming part of Design No. 15,359, dated August 26, 1884.

Application filed May 14, 1884. Term of patent 7 years.

To all whom it may concern.

Be it known that I, JUSTUS C. W. STROVER, of Urbana, in the county of Champaign and State of Illinois, have invented and produced
5 a new and original Design for Siding for Houses, Cars, &c., of which the following is a full, clear, and exact description.

My design consists in a novel design for siding, as will be hereinafter described and
10 claimed.

Reference being had to the drawing, the figure thereof shows in perspective my newly-designed siding.

The siding A presents the appearance of a
15 flat body with parallel upward-inclined longi-

tudinal edges *a b*, the lower longitudinal front edge of the siding having a bevel downward at *d*, as shown.

The essential feature of the design is this bevel *d* intersecting the bevel *b*. 20

I claim—

The design for siding herein described, the same presenting the appearance of a flat body with upward-inclined longitudinal edges *a b* and downward bevel *d* along the lower longitudinal front edge, as shown. 25

JUSTUS C. W. STROVER.
