(54) Title: CULTURE INSERT CARRIER, CULTURE INSERT AND CULTURE INSERT SYSTEM

(57) Abstract: The present invention relates to a cul-
ture insert carrier, a culture insert and a culture sys-
tem for culturing and testing of different kinds of cells,
such as for example skin models. A culture insert car-
rier for supporting at least one culture insert in a culture
tray having at least one well, wherein the culture in-
sert carrier comprises a plane member with at least one
opening for insertion of the at least one culture insert
in such a way that the culture insert carrier supports
the at least one culture insert in a position in the cul-
ture tray is provided. Further, a culture insert compris-
ing a plurality of suspension elements including a first
set of suspension elements and a second set of suspen-
sion elements, the suspension elements being adapted
to suspend the culture insert in a plurality of vertical
positions, including a first vertical position and a sec-
ond vertical position, in relation to a frame is provided.

INTERNATIONAL SEARCH REPORT

International application No

PCT/DK2006/000325

A. CLASSIFICATION OF SUBJECT MATTER
INV. C12M1/12

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)
C12M

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)

EP0-Internal

C. DOCUMENTS CONSIDERED TO BE RELEVANT

Category*	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.

Further documents are listed in the continuation of Box C.

See patent family annex.

* Special categories of cited documents:

"A" document defining the general state of the art which is not considered to be of particular relevance

"E" earlier document but published on or after the international filing date

"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)

"O" document referring to an oral disclosure, use, exhibition or other means

"P" document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention

"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.

"&" document member of the same patent family
