UNITED STATES PATENT OFFICE.

FRANZ YOKEI, OF MERIDEN, CONNECTICUT, ASSIGNOR TO THE MERIDEN BRONZE COMPANY, OF SAME PLACE.

DESIGN FOR A SLAB FOR TABLE-TOPS.

SPECIFICATION forming part of Design No. 23,203, dated April 17, 1894.

Application filed March 5, 1894. Serial No. 505,449. Term of patent 3½ years.

To all whom it may concern:

Be it known that I, FRANZ YOKEI, of Meriden, in the county of New Haven and State of Connecticut, have invented a new Design for a Slab for Table-Tops, (Case C;) and I do hereby declare the following, when taken in connection with the accompanying drawing and the letters of reference marked thereon, to be a full, clear, and exact description of the same, and which said drawing constitutes part of this specification and represents a top or face view of a slab for a table-top illustrating the design.

This invention relates to a design for a slab for a table-top, and the design consists in the configuration and ornamentation as shown in the accompanying illustration. The central portion of the top is square and the angles of the frame are formed by two foliated scroll ornaments A, inclosing a panel, and connected by open fret-work, surmounted by a scroll-like tip B. In the center of each side of the frame is a similar foliated scroll-ornament C, the ornaments at the sides and angles being connected by a fret-work D, and intricate interlacing scrolls and shells, all as shown in the accompanying illustration.

I claim—
The design for a slab for table-tops as herein shown and described.

In testimony whereof I have signed this specification in the presence of two subscribing witnesses.

FRANZ YOKEI.
