To all whom it may concern:

Be it known that I, William Resor, of Cincinnati  
Hamilton County, Ohio, have invented a new design for a Cooking  
Stove, called the "Kentucky", and I do hereby declare that the follow-  
ing is a full and exact description thereof, reference being had to  
the annexed drawings making part of this specification.

In the accompanying drawing  
Fig. 1. is a perspective view of my stove.  
Fig 2, represents one of the oven doors.  
Fig 3, a vertical section of the same.

Fig 5. is the end fire door

Fig 6. is a front view of a leg.

The moulding (represented in outline in fig 3) is the same on all the doors.

The central space of each door is ornamented by reeding (a) as represented. The upper portion of the leg has also a similar reeding (b). Below this reeding occurs a fleur de lis (c).

I claim the design for the "Kentucky" cooking stove substantially as described and represented.

In testimony whereof I hereunto set my hand before two subscribing witnesses.
