[57] CLAIM

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire showing our new design, it being understood that the tread pattern is repeated throughout the circumference of the tire and the tread shoulder, as shown schematically by solid lines, the opposite side being substantially the same as that illustrated in FIG. 1; and, FIG. 2 is an enlarged fragmentary front elevation view of the tread pattern thereof.

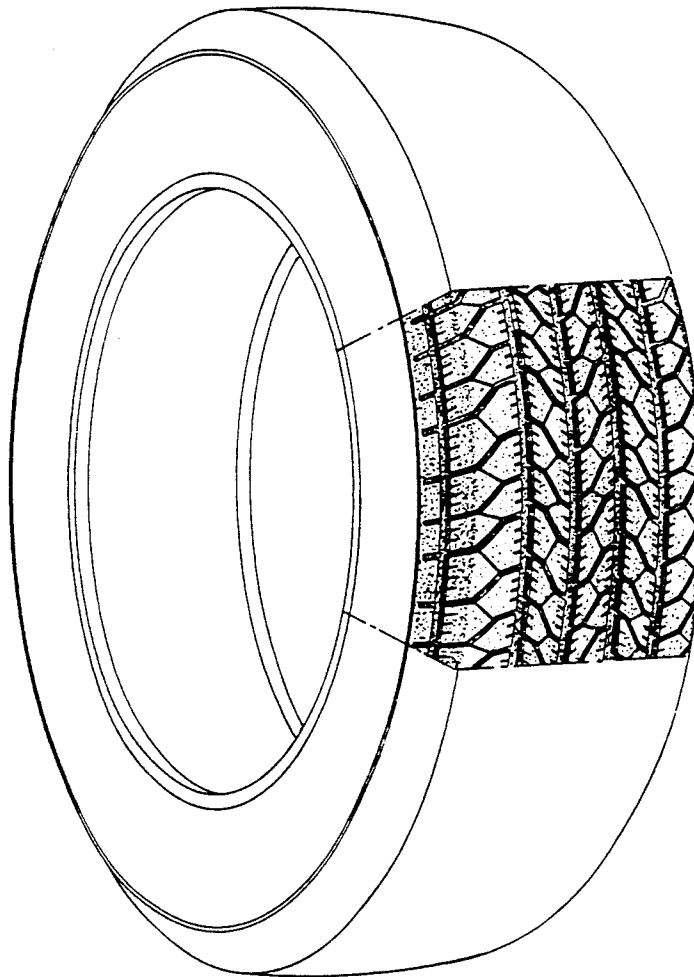

Fig. 1

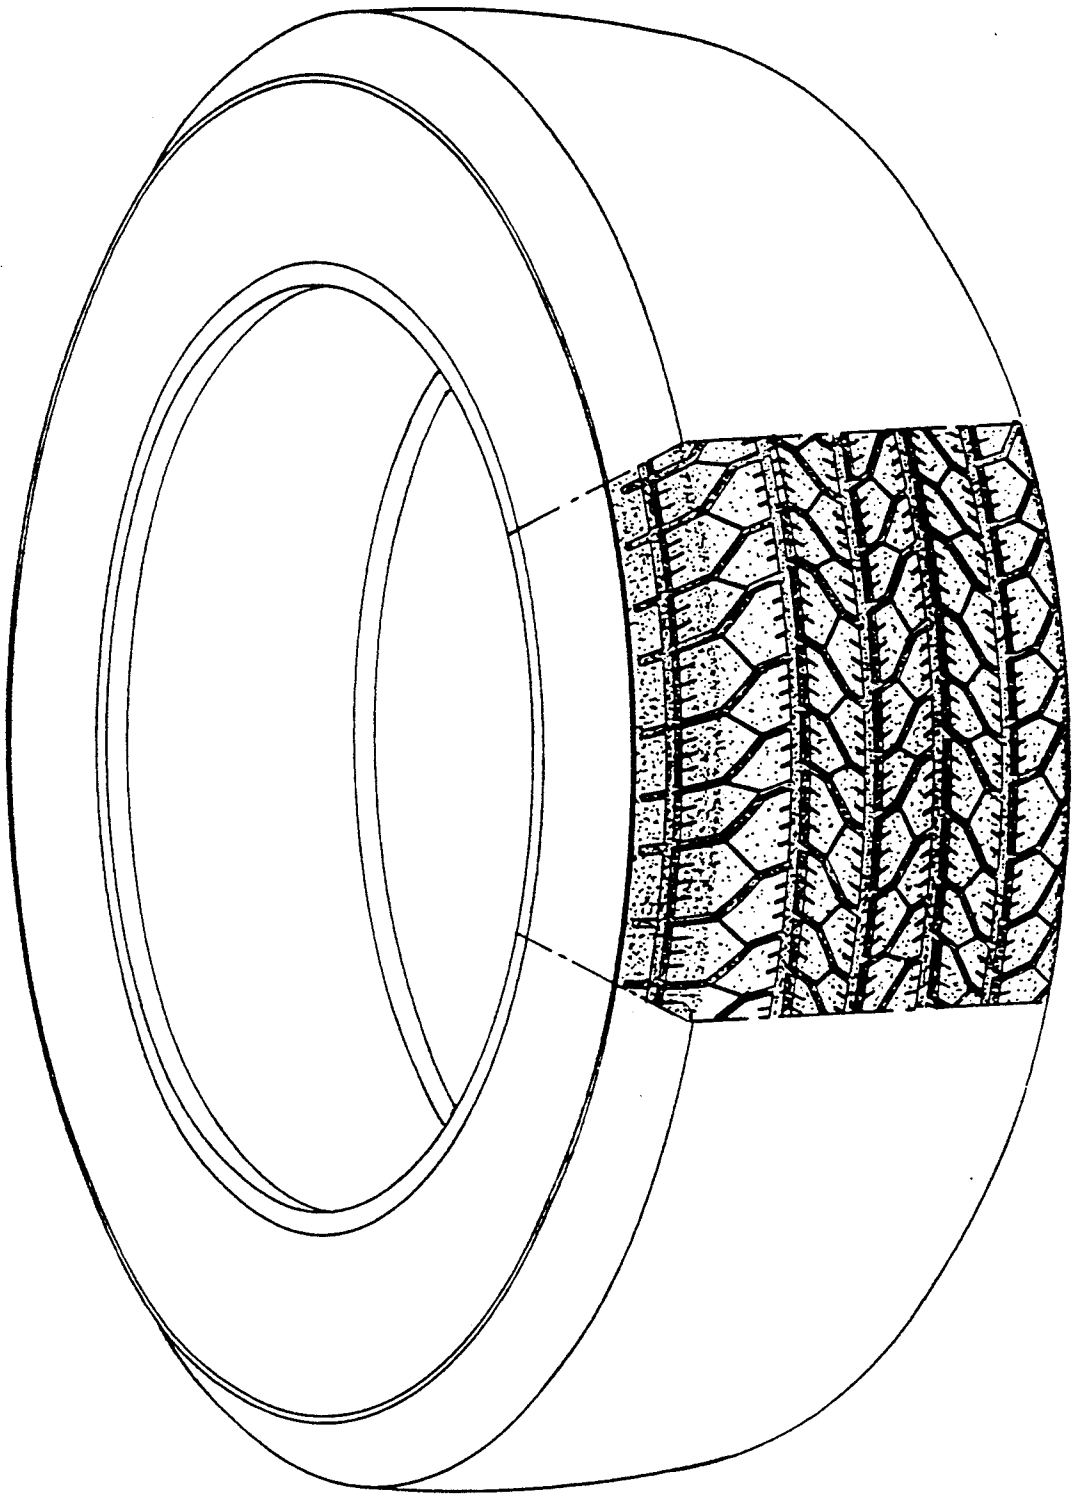

Fig. 2
