(57) **CLAIM**

The ornamental design for a hooded top, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a hooded top illustrated as worn by a woman according to the present invention; FIG. 2 is a front view of a hooded top according to the present invention; FIG. 3 is a rear view of a hooded top according to the present invention; FIG. 4 is a profile view of a hooded top according to the present invention; FIG. 5 is a second profile view of a hooded top according to the present invention; FIG. 6 is a top view of a hooded top according to the present invention; and, FIG. 7 is a bottom view of a hooded top according to the present invention. The broken lines, in FIG. 1, illustrating the human figure, show the design as worn and form no part of the claimed design. The remaining broken lines represent the portions of the hooded top, which form no part of the claimed design.
