(57) **CLAIM**

The ornamental design for a rear body portion of a work vehicle, as shown and described.

DESCRIPTION

FIG. 1 is a side view of an embodiment of a rear body portion of a work vehicle. Also illustrated are an exemplary front body portion, exemplary front and rear wheels, an exemplary exhaust pipe, an exemplary pre-cleaner, exemplary access doors and handles, an exemplary operator's cab and exemplary vertical pivots for which the design details are hereby disclaimed and form no part of the claimed design;

FIG. 2 is an oblique and elevated view of a left side and a top of the rear body portion;

FIG. 3 is a front and elevated view of a top and a front side of the rear body portion;

FIG. 4 is an oblique and elevated view of a right side and a top of the rear body portion;

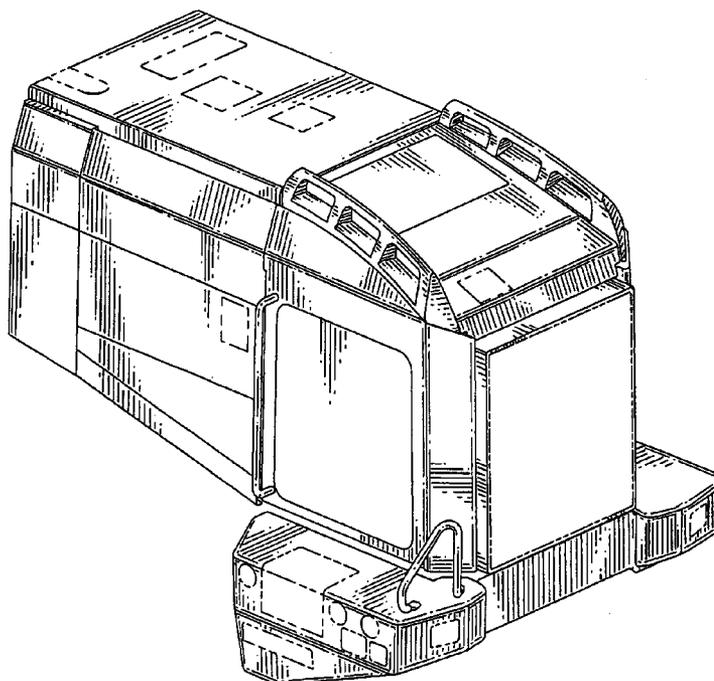

FIG. 5 is a side view of a left side of the rear body portion;

FIG. 6 is a side view of a right side of the rear body portion;

FIG. 7 is a rearward and elevated view of a rear and top of the rear body portion; and,

FIG. 8 is a top and planar view of the rear body portion.
