(54) Title: LIVING MEMORIAL FOR GRAVE MARKER & METHODS OF OPERATION THEREOF

FIG. 9

(57) Abstract: Embodiments of the invention are directed to grave markers incorporating a living memorial and methods of operation thereof. In one embodiment, a grave marker incorporating a living memorial includes a monitor and/or speakers electrically or wirelessly connected to a data storage device which stores a pre-recorded message from a deceased or living person of the deceased to be delivered to the deceased's survivors at a future time following the passing of the deceased. In one embodiment, the grave marker is adapted to enclose the monitor in a first position and to display the monitor in a second position when activated. In another embodiment, the grave marker is a stand-alone unit having the monitor and various other components embedded therein.

WO 2010/075480 A3

**A. CLASSIFICATION OF SUBJECT MATTER***E04H 13/00(2006.01)i*

According to International Patent Classification (IPC) or to both national classification and IPC

**B. FIELDS SEARCHED**

Minimum documentation searched (classification system followed by classification symbols)

E04H 13/00; A47G 33/02; A61G 17/08; E01F 9/011; E04H 1/14; F21V 9/00

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Korean utility models and applications for utility models

Japanese utility models and applications for utility models

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)

eKOMPASS(KIPO internal) &amp; Keywords: monitor, solar, motion detector

 Further documents are listed in the continuation of Box C. See patent family annex.

\* Special categories of cited documents:

"A" document defining the general state of the art which is not considered to be of particular relevance

"E" earlier application or patent but published on or after the international filing date

"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of citation or other special reason (as specified)

"O" document referring to an oral disclosure, use, exhibition or other means

"P" document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention

"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art

"&amp;" document member of the same patent family
