This International Searching Authority hereby declares, according to Article 17(2)(a), that **no international search report will be established** on the international application for the reasons indicated below.

- The subject matter of the international application relates to:
 - scientific theories
 - mathematical theories
 - plant varieties
 - animal varieties
 - essentially biological processes for the production of plants and animals, other than microbiological processes and the products of such processes
 - schemes, rules or methods of doing business
 - schemes, rules or methods of performing purely mental acts
 - schemes, rules or methods of playing games
 - methods for treatment of the human body by surgery or therapy
 - methods for treatment of the animal body by surgery or therapy
 - diagnostic methods practised on the human or animal body
 - mere presentations of information
 - computer programs for which this International Searching Authority is not equipped to search prior art
- The failure of the following parts of the international application to comply with prescribed requirements prevents a meaningful search from being carried out:

<input type="checkbox"/> the description	<input type="checkbox"/> the claims	<input type="checkbox"/> the drawings
--	-------------------------------------	---------------------------------------
- A meaningful search could not be carried out without the sequence listing; the applicant did not, within the prescribed time limit:
 - furnish a sequence listing on paper complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Searching Authority in a form and manner acceptable to it.
 - furnish a sequence listing in electronic form complying with the standard provided for in Annex C of the Administrative Instructions, and such listing was not available to the International Searching Authority in a form and manner acceptable to it.
 - pay the required late furnishing fee for the furnishing of a sequence listing in response to an invitation under Rule 13/er. 1(a) or (b).
- A meaningful search could not be carried out without the tables related to the sequence listings; the applicant did not, within the prescribed time limit, furnish such tables in electronic form complying with the technical requirements provided for in Annex C-bis of the Administrative Instructions, and such tables were not available to the International Searching Authority in a form and manner acceptable to it.
- Further comments: Applicant failed to submit a valid CRF in response to the ISA/225 of 21 September 2009.
