(57) **CLAIM**

The ornamental design for a display screen with an animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a first image in a sequence for a display screen with an animated graphical user interface showing our new design; and, FIG. 2 is a second image thereof. The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1 and 2. The process or period in which one image transitions to another forms no part of the claimed design. The broken line showing of portions of the display screen with an animated graphical user interface forms no part of the claimed design.
