(57) **CLAIM**

The ornamental design of a convex compacted U-shaped bag, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of a convex compacted u-shaped bag having a top surface with shading indicating a first preselected fabric and having medial bindings extending thereabout with shading indicating the first preselected fabric, the bottom view plan being a mirror image thereof;

FIG. 2 is a side elevational view thereof;

FIG. 3 is the side elevational view of FIG. 2, now illustrating an optional closure and hardware, respectively positioned on the top and bottom surfaces; and,

FIG. 4 is a side elevational view for a convex compacted U-shaped bag as in FIG. 1, showing an alternative arrangement in which the bottom surface has shading indicating the first preselected fabric, The top surface has shading indicating a second preselected fabric, and the medial binding has shading indicating a third preselected fabric.

The broken line showing of hardware (e.g., the closure, zipper, and clip) as well as the position of the hardware relative to the claimed design and any other broken lines are to show the environment only and are not part of the claimed design.
