(54) Title: SYSTEMS AND METHODS FOR DISPLAYING TO A PRESENTER VISUAL FEEDBACK CORRESPONDING TO VISUAL CHANGES RECEIVED BY VIEWERS

(57) Abstract: Methods for providing to the presenter visual feedback regarding the screen data received by one or more viewers in an online presentation environment having a presenter transmitting screen data to one or more viewers over a network may include: transmitting data representing changed visual data; receiving confirmation of receipt of the changed visual data from one or more viewers; generating a representation of the visual data received by one or more viewers responsive to the received confirmation data; and displaying the generated representation at the presenter. Corresponding systems may include: a transmitter which transmits data representing changed visual data; a receiver which receives confirmation of receipt of the changed visual data from one or more viewers; and a display generator which generates a representation of the visual data received by one or more viewers responsive to the received confirmation data, and which displays the generated representation at the presenter.

INTERNATIONAL SEARCH REPORT

A. CLASSIFICATION OF SUBJECT MATTER
INV. H04L29/00 G06F3/00

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)
H04L G06F

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)
EPO-Internal, WPI Data, PAJ

C. DOCUMENTS CONSIDERED TO BE RELEVANT

* Special categories of cited documents :

"A" document defining the general state of the art which is not considered to be of particular relevance

"E" earlier document but published on or after the international filing date

"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)

"O" document referring to an oral disclosure, use, exhibition or other means

"P" document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention

"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.

"&" document member of the same patent family
