Conrad Harris & Paul W. Joiner, of Cincinnati, Ohio.
Assignors to Harris, Joiner & Co. of same place.
Letters Patent No. 1075, dated Jan. 4. 1859.

The schedule referred to in these Letters Patent and making part of the same.

To all whom it may concern:

Be it known that we Conrad Harris and Paul Wm Joiner, both of Cincinnati County of Hamilton State of Ohio, have invented or produced a new and original design for Dining Room Stoves, and we do hereby declare that the following is a full and exact description thereof, reference being had to the accompanying drawings and to the letters of reference marked thereon, in which

Letter A, shows a perspective view of the Stove.

Letter B, the top for sheet Iron Drum when used for a Cottage Stove.

Letter C, showing a cast Iron Ornament for the front of Sheet Iron Drum.

Having thus fully described our joint invention, what we claim as new and desire to secure by letters Patent is, the Scrolls figures and fluting as set forth in the annexed drawings thereby forming an ornamental design for Dining Room Stoves to be called the Toris.
