FIGURE 1 is a perspective view from the front, right side and bottom of a combined outlet and control panel for an automobile air-conditioner embodying my design.

FIGURE 2 is a perspective view from the front and top of the combined outlet and control panel; and

FIGURE 3 is an elevational view from the left side of the combined outlet and control panel.

The broken lines in FIGURE 1 indicate an adjacent portion of the dashboard of the automobile and are for illustrative purposes only. The stipling in all three figures indicates a roughened texture.

I claim.

The ornamental design for a combined outlet and control panel for an automobile air-conditioner, substantially as shown and described.
