(57) **CLAIM**

The ornamental design for woven fabric, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document, including appendices, may contain material which is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all copyright rights whatsoever.

The single FIGURE is a top plan view of woven fabric design showing my new design, the fabric having no appreciable thickness and the reverse side of the fabric being non-ornamental. The woven fabric design repeats indeminately in one or more directions.
