[57] **CLAIM**

The ornamental design for a telephone, substantially as shown and described.

DESCRIPTION

FIG. **1** is an isometric view of a desk top embodiment of a telephone showing my new design with the handset off hook;

FIG. **2** is a top plan view thereof with the handset off hook;

FIG. **3** is a top plan view thereof with the handset on hook;

FIGS. **4** and **5** are respectively front elevational views of the design as illustrated in FIGS. **2** and **3**;

FIGS. **6** and **7** are respectively right and left side elevational views of the design as illustrated in FIG. **3**;

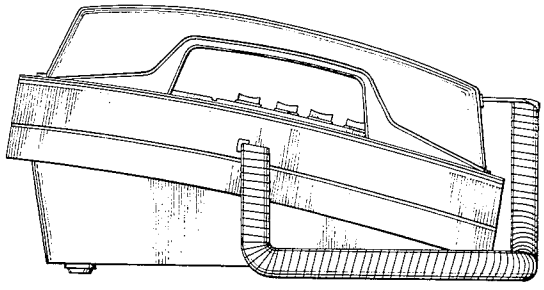

FIG. **8** is a rear elevational view of the design as illustrated in FIG. **3**;

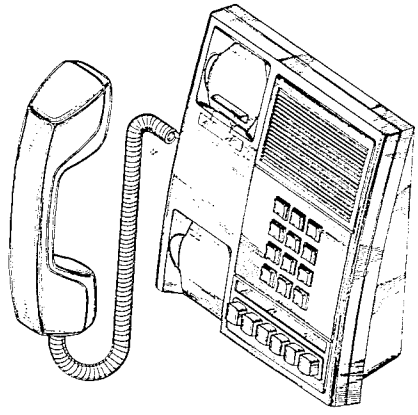

FIG. **9** is an isometric view looking towards the top and right side of an upright second embodiment of the telephone design intended for wall mounting;

FIG. **10** is a top plan view of the second embodiment with the handset on hook;

FIGS. **11** and **12** are left and right side elevational views of the second embodiment as shown in FIG. **10**; and

FIG. **13** is a bottom plan view of the second embodiment with the handset on hook.
