 BUTTON WITH THE SYMBOL OF NOT STRONG POSITIVE EMOTIONS

Much better, if an exclamation mark indicates very strong positive emotions, for the not very strong positive emotions is a different sign. Example Today is not a bad weather! An example for comparison Today is very good weather! The area of the technicians includes all devices to enter symbols, letters, and punctuation mark. On all modern keyboards there is enough space for the location a new button.
Description of invention

New button with new symbol (new punctuation mark or new sign) of Russian Language (new sign of English Language, the German language, French language, Ukrainian language) for Innovation keyboard namely the button with the symbol of not strong positive emotions (weak positive emotions) - the symbol like

the exclamation mark is rotated clockwise 30 degrees, counting from a vertical axis,

which is done in order to use the innovations:

not strong positive emotions (weak positive emotions) in the literature indicate

the exclamation mark is rotated clockwise 30 degrees, counting from a vertical axis.

The task (the problem) to be solved by the invention consists in that allows more accurate display of emotions in writing, the presence of this sign on the keyboard will give the opportunity to conveniently and quickly dial the appropriate text.

The implementation of the invention and technical result:

on the keyboard to add a new button with such a sign, which will allow to quickly and more conveniently insert a new punctuation mark in the corresponding text
The formula of the invention

New button with new symbol (new punctuation mark or new sign) of Russian Language (new sign of English Language, the German language, French language, Ukrainian language) for Innovation keyboard namely the button with the symbol of not strong positive emotions (weak positive emotions) - the symbol like the exclamation mark is rotated clockwise 30 degrees, counting from a vertical axis.
**A. CLASSIFICATION OF SUBJECT MATTER**

G06F 3/02 (2006.01)  
B41J 5/10 (2006.01)  
B41J 5/12 (2006.01)

According to International Patent Classification (IPC) or to both national classification and IPC

**B. FIELDS SEARCHED**

Minimum documentation searched (classification system followed by classification symbols)

G06F 3/00, 3/01, 3/02, B41J 5/00, 5/08, 5/10, 5/12, G06F 19/00, H03M 11/00

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)

PatSearch (RUPTO internal), USPTO, PAJ, Esp@cenet, Information Retrieval System of FIPS

**C. DOCUMENTS CONSIDERED TO BE RELEVANT**

Further documents are listed in the continuation of Box C.

See patent family annex.

* Special categories of cited documents:  
* "A" document defining the general state of the art which is not considered to be of particular relevance  
* "E" earlier document but published on or after the international filing date  
* "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)  
* "O" document referring to an oral disclosure, use, exhibition or other means  
* "P" document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention  
"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone  
"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art  
"&" document member of the same patent family
