(57) **CLAIM**

The ornamental design for an automatic injection device, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an automatic injection device with a removable cap on showing the design;
 FIG. 2 is a front elevational view of an automatic injection device with a removable cap on;
 FIG. 3 is a rear elevational view of an automatic injection device with a removable cap on;
 FIG. 4 is a right side elevational view of an automatic injection device with a removable cap on;
 FIG. 5 is a left side elevational view of an automatic injection device with a removable cap on;
 FIG. 6 is a top plan view of an automatic injection device with a removable cap on;
 FIG. 7 is a bottom plan view of an automatic injection device with a removable cap on;
 FIG. 8 is a front perspective view of an automatic injection device with a removable cap off showing the design;
 FIG. 9 is a front elevational view of an automatic injection device with a removable cap off;
 FIG. 10 is a rear elevational view of an automatic injection device with a removable cap off;
 FIG. 11 is a right side elevational view of an automatic injection device with a removable cap off;
 FIG. 12 is a left side elevational view of an automatic injection device with a removable cap off;
 FIG. 13 is a top plan view of an automatic injection device with a removable cap off; and,
 FIG. 14 is a bottom plan view of an automatic injection device with a removable cap off.
