[57] **CLAIM**

The ornamental design for a flexible dust cover, as shown and described.

DESCRIPTION

FIG. 1 is a perspective top frontal view of a flexible dust cover showing my new design wherein a removable transparent panel is shown attached;

FIG. 2 is a perspective bottom rear view thereof;

FIG. 3 is a right side elevational view of the flexible dust cover of FIG. 1; the left side elevational view being a mirror image thereof; and,

FIG. 4 is a view taken along line 4—4 of FIG. 3.

The pattern partially shown in the views for ease of illustration is understood to represent a conventional elastic material.
