Claim
The ornamental design for a storage device for image information storing/retrieving machine, substantially as shown.

Description
FIG. 1 is a front, top and left side perspective view of a storage device for image information storing/retrieving machine showing our new design;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a left side elevational view thereof, the opposite side being a mirror image of the side shown;
FIG. 4 is a top plan view thereof; and
FIG. 5 is a rear elevational view thereof.
