(54) Title: METHOD AND SYSTEM FOR APPROXIMATING THE SPECTRUM OF A PLURALITY OF COLOR SAMPLES

(57) Abstract: Method for approximating the spectrum of a plurality of color samples (Fig. 2), the method including the procedures of measuring the color of a reference color sample in a color space (150), determining a reference sample estimated spectrum from the measured color (152), measuring the actual spectrum of the reference color sample (154), determining a spectral delta from the difference between the reference sample estimated spectrum from the measured color (156)and for each of the color samples, determining a sample approximated spectrum by adding the spectral delta to the respective sample estimated spectrum (162).

INTERNATIONAL SEARCH REPORT

International application No.
PCT/IL05/00466

Box No. II Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)

This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:

1. ☒ Claims Nos.: 12 and 14
because they relate to subject matter not required to be searched by this Authority, namely:
Claims 12 and 14 are not searched and esamined because they refer to the drawings. See PCT Rule 6.2(a).

2. ☐ Claims Nos.: 12 and 14
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:

3. ☐ Claims Nos.:
because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).

Box No. III Observations where unity of invention is lacking (Continuation of item 3 of first sheet)

This International Searching Authority found multiple inventions in this international application, as follows:

1. ☐ As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.
2. ☐ As all searchable claims could be searched without effort justifying additional fees, this Authority did not invite payment of any additional fees.
3. ☐ As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:

4. ☐ No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:

Remark on Protest

☐ The additional search fees were accompanied by the applicant's protest and, where applicable, the payment of a protest fee.

☐ The additional search fees were accompanied by the applicant's protest but the applicable protest fee was not paid within the time limit specified in the invitation.

☐ No protest accompanied the payment of additional search fees.
