CLAIM

The ornamental design for a gooseneck-type optical scanner head for use with point-of-sale register, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of a gooseneck-type optical scanner head for use with point-of-sale register showing our new design;
FIG. 2 is an enlarged fragmentary top plan view thereof;
FIG. 3 is an enlarged front side elevational view thereof;
FIG. 4 is an enlarged rear elevational view thereof;
FIG. 5 is an enlarged fragmentary bottom plan view thereof;
The point-of-sale register is shown in broken lines in FIG. 1 for illustrative purposes only and thus forms no part of the claimed design.
