Title: CHROME GRILL FOR MIRROR

Abstract: This present invention relates to having a grill for the outside of your mirror of your car or truck, or any other vehicle that matches the same grill that is on the front of your vehicle. You will also be able to change the existing grill on your car and get that matching grill for your mirror. We will have chrome plated grill that you can order and screw and/or glue onto your vehicle that matches your front grill. Some chrome grills will have the logo of your car on it that you can order with the logo on it and screw or glue onto your car’s mirror to match your car’s logo on the front grill. Chrome grill on the mirror with light on the mirror on your vehicle. We will also have color grills for mirrors also including color plates. We will add mirror grills that will outline the mirror or cover the whole mirror, and it will match the front of the grill on your vehicle.
Background-Field of Invention

This present invention relates to having a grill for the outside of your mirror of your car or truck, or any other vehicle that matches the same grill that is on the front of your vehicle. You will also be able to change the existing grill on your car and get that matching grill for your mirror. No one has ever made a mirror grill on the car that matches the grill on the front of the car. There is a need that we will fill with our design by providing owners of new and used vehicles with grills for there mirrors that will be made, with or without frames, painted or not painted, with or without light signals, color, any vehicle’s logo on it, that comes fully with mirror, that you can screw and/or glue on, or pop on in the shape of a car mirror, with or without neon lights. For Example you have Cadillac with a grill on the front of the car with the Cadillac emblem. We created the chrome grill for it on the mirror that will have the same grill to match with the same Cadillac emblem.

BACKGROUND OF INVENTION

This invention relates to the design of chrome grills on the front of vehicles and we will add mirror grills that will outline the mirror or cover the whole mirror, and it will match the front of the grill on your vehicle.
Description of Related Inventions

For some car models they have on the front of the automobile they have grills, some which are chrome, that look great. But they are missing the matching design of the grill but on the mirrors.

Objects and Advantages

Several of the advantages of my invention include:

1. Our design will enhance the design and style of all automobiles.

2. It will enhance the value of your automobile.

SUMMARY OF INVENTION

This present invention relates to having a grill for the outside of your mirror of your car or truck, or any other vehicle that matches the same grill that is on the front of your vehicle. You will also be able to change the existing grill on your car and get that matching grill for your mirror. We will have chrome plated grill that you can order and screw and/or glue onto your vehicle that matches your front grill. Some chrome grills will have the logo of your car on it that you can order with the logo on it and screw or/ glue onto your car's mirror to match your cars logo on the front grill. Chrome grill on the mirror with light on the mirror on your vehicle. We will also have color grills for mirrors also including color plates.

BRIEF DESCRIPTION OF DRAWINGS

FIG 1 displays the front of a Cadillac, showing the front chrome grill. FIG 1-100 shows our invention with the matching chrome grill on the mirror of the vehicle. FIG 1-200
displays the front grill that your manufacturer makes that we will complement with our new design.

FIG 2 displays the front of a Cadillac and mirror by itself, showing the front chrome grill. FIG 2-100 shows our invention with the matching chrome grill on the mirror of the vehicle. FIG 2-200 displays the front grill that your manufacturer makes that we will complement with our new design.

DETAILED DESCRIPTIONS OF DRAWINGS

This present invention relates to having a grill for the outside of your mirror of your car or truck, or any other vehicle that matches the same grill that is on the front of your vehicle. You will also be able to change the existing grill on your car and get that matching grill for your mirror. We will have chrome plated grill that you can order and screw and/or glue onto your vehicle that matches your front grill. Some chrome grills will have the logo of your car on it that you can order with the logo on it and screw or glue onto your car's mirror to match your cars logo on the front grill. Chrome grill on the mirror with light on the mirror on your vehicle. We will also have color grills for mirrors
also including color plates. Some designs will color on both grills. If you have a truck with a grill that the design is fire, you can place that design with or without color onto the mirror that will match the front grill. We will also have some mirror grills made with and without frames and some with frames and no chrome grill but with a grill of color. Some grill will not be made of chrome but will be made of, iron, aluminum, chrome, mesh, all steel (including stainless), etc.
