The Broken line showings of FIGS. 1-10 are environmental only and not part of the claimed design.

The dashed-dotted line showings of FIGS. 1-3, 5-10 illustrate a boundary between the claimed design and environmental features and form no part of the claimed design.

* cited by examiner

In the reference top plan view and the reference perspective view including a grayish portion, the grayish portion is a portion for which a partial design protection is sought.

A rear view and a left side view are omitted because the rear view is identical to the front view and the left side view is identical to the right side view.
