UNITED STATES PATENT OFFICE.

JAMES B. WALKER, OF RUSH SPRINGS, INDIAN TERRITORY, ASSIGNOR OF
ONE-HALF TO HENRY S. HUGHES, OF SAME PLACE.

DESIGN FOR A CLOTHES-PIN.

SPECIFICATION forming part of Design No. 32,905, dated July 3, 1900.

Application filed March 31, 1900. Serial No. 11,026. Term of patent 3½ years.

To all whom it may concern:

Be it known that I, JAMES B. WALKER, a citizen of the United States, residing at Rush Springs, in the Chickasaw Nation, Indian Territory, have invented and produced a certain new and original Design for Clothes-Pins; and I do declare the following to be a full, clear, and exact description of the invention, such as will enable others skilled in the art to which it appertains to make and use the same.

The invention relates to a new and useful design for clothes-pins; and it consists of a design of the shape and configuration shown in the accompanying drawings, in which—

Figure 1 is a side elevation. Fig. 2 is an edge view, and Fig. 3 is a top view.

The leading feature of the design comprises

a piece of wire bent into circular form and at the point of intersection twisted to form a knot 2 and having its ends 3 curved parallel with the ring portion and provided at their extremities with eyes 5, and further provided with kinks or offsets 6.

What I claim is—

The design for a clothes-pin herein shown and described.

In testimony whereof I have hereunto set my hand in presence of two subscribing witnesses.

JAMES B. WALKER.
