(54) **Cash storage unit**

(57) The invention relates to a highly secure cash storage unit 10 for containing coins, bank notes, card transaction slips, coupons etc. and to a cash register or a retail checkout system comprising such a cash storage unit. The cash storage unit 10 comprises a base, a

lid 20 and a locking means for locking the lid in a closed position and may further comprise a drawer for storing cash. The lid 20 and/or the base are deformable such that, when force is used to try to move the lid 20 from the closed position to the open position the lid 20 and base engage to retain the lid in the closed position.
