UNITED STATES PATENT OFFICE.

EDWIN C. RUTHVEN, OF PHILADELPHIA, PENNSYLVANIA, ASSIGNOR TO
MACKELLAR, SMITHS & JORDAN, OF SAME PLACE.

DESIGN FOR A FONT OF PRINTING-TYPE.

SPECIFICATION forming part of Design No. 14,891, dated March 18, 1884.

Application filed January 31, 1884. Term of patent 7 years.

To all whom it may concern:

Be it known that I, EDWIN C. RUTHVEN, of the city and county of Philadelphia, Pennsylvania, have invented and originated a new
5 Design for a Font of Printing-Type, of which the following is a specification.

The nature of my design is clearly shown in the accompanying typographic impression, to which reference is made; and it consists of an
10 ornamented letter shaded upon the right and bottom by a series of short light lines following the configuration of the letter. The left-hand portion of the A extends below the line and terminates in the heavy-dot termination. Its
15 central portion, as is the case with the H, consists of the flourish extending beyond the up-and-down portions of the letter upon the right and the left. The F, G, H, J, M, N, and T are

extended below the line, and the curved lines followed by the heavy-dot termination are 20 found in the B, C, E, F, J, K, L, M, N, P, S, T, and Z, as shown. In the D and P the up-and-down portion of the letter does not extend to meet the upper rounding portion of the letter.

The character of the design is preserved in the lower-case and figures. 25

Having now described my invention, I claim as new—

The design for a font of printing-type, as 30 shown and described.

- EDWIN C. RUTHVEN.

In presence of—

C. F. HUCH,
HERMAN METIUS.
