(54) **Water delivery tube with reservoir**

(57) A fluid delivery tube for a washer having a hollow spray arm and a valve with an inlet passage and first and second outlet passages. The fluid delivery tube has an inlet section, a reservoir section and an outlet section. The inlet section has an inlet opening for communication with the second outlet passage of the valve. The outlet section has an outlet opening for communication with the interior of the spray arm. The reservoir section is located between the inlet section and the outlet section and has a cross-sectional area that is greater than the cross-sectional area of the inlet opening and greater than the cross-sectional area of the outlet opening.
