## COMBINED SPECTACLES AND HEARING AID

Harold W. Darr, Minneapolis, Minn., assignor to Maico Electronics, Inc., Minneapolis, Minn., a corporation of Minnesota

Application December 30, 1957, Serial No. 49,061

Term of patent 7 years

(Cl. D57—1)

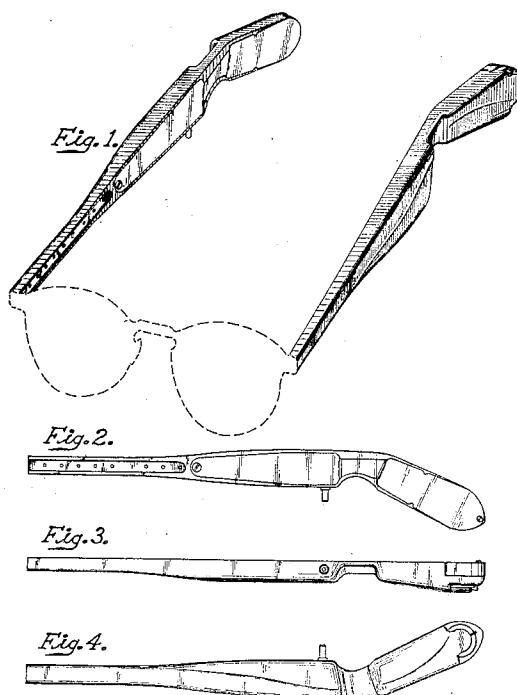

Fig. 1 is a view in perspective of a combined spectacles and hearing aid showing my new design;

Fig. 2 is an elevational view of the inside of the right temple portion thereof;

Fig. 3 is a bottom plan view thereof; and

Fig. 4 is an elevational view of the outside of the right temple portion in inverted position.

The dominant features of my design reside in the portions shown in full lines.

I claim:

The ornamental design for a combined spectacles and hearing aid, as shown and described.
