Title: ANTIBODY DRUG CONJUGATES (ADC) THAT BIND TO 24P4C12 PROTEINS

Abstract: Antibody drug conjugates (ADCs) that bind to 24P4C12 protein and variants thereof are described herein. 24P4C12 exhibits tissue specific expression in normal adult tissue, and is aberrantly expressed in the cancers listed in Table 1. Consequently, the ADCs of the invention provide a therapeutic composition for the treatment of cancer.
