(57) **CLAIM**  
 The ornamental design for a separable earphone case, as shown and described.

FIG. 1 is a first front side perspective view of a separable earphone case comprising an earphone storage portion and a digital media device (DMD) protective portion, showing the earphone storage portion separated from the DMD protective portion, and with a door of the earphone storage portion in a closed position;  
 FIG. 2 is a second front side perspective view of the separable earphone case, showing the earphone storage portion separated from the DMD protective portion, and with the door in an open position;  
 FIG. 3 is a bottom plan view of the separable earphone case, showing the earphone storage portion separated from the DMD protective portion, and with the door in the closed position;  
 FIG. 4 is a top plan view of the separable earphone case, showing the earphone storage portion separated from the DMD protective portion, and with the door in the closed position;  
 FIG. 5 is a left side elevation of the separable earphone case, showing the earphone storage portion separated from the DMD protective portion, and with the door in the closed position;  
 FIG. 6 is a right side elevation of the separable earphone case, showing the earphone storage portion separated from the DMD protective portion, and with the door in the closed position;  
 FIG. 7 is a front elevation of the separable earphone case, showing the earphone storage portion separated from the DMD protective portion, and with the door in the closed position;  
 FIG. 8 is a rear elevation of the separable earphone case, showing the earphone storage portion separated from the DMD protective portion;  
 FIG. 9 is a rear perspective view of the separable earphone case, showing the earphone storage portion separated from the DMD protective portion;  
 FIG. 10 is a front side perspective view of the separable earphone case, showing the earphone storage portion coupled with DMD protective portion, and with the door in the closed position; and,  
 FIG. 11 is a front side perspective view of the separable earphone case, showing the earphone storage portion coupled with DMD protective portion, and with the door in the open position.
