(54) Title: METHOD FOR BURYING HUME PIPES AND SUPPORT BLOCK USED IN THE METHOD

[Figure 5]

(57) Abstract: Disclosed herein are a method for burying Hume pipes includes the steps of: standing wooden posts at a starting portion and an ending portion of an excavated portion, in which the Hume pipes are installed; indicating a gradient value of the starting portion and the ending portion on the wooden posts, and connecting a cord to the two wooden posts in such a way as to coincide with the gradient value; aligning the support blocks in a straight line in such a way as to conform to the height of the cord; inserting fixing pins into fixing pin-inserting holes of the support blocks to securely fix the support blocks; respectively inserting partitioning plates into partitioning plate-inserting grooves of the support blocks; and respectively putting the Hume pipes on Hume pipe seating portions of the support blocks, and pouring reinforced concrete onto the Hume pipes to bury the Hume pipes underground.

INTERNATIONAL SEARCH REPORT

International application No.
PCT/KR2008/003630**A. CLASSIFICATION OF SUBJECT MATTER****E03F 3/06(2006.01)i**

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)

IPC 8 : E03F 3/06

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Korean Utility Models and applications for Utility Models since 1975

Japanese Utility Models and applications for Utility Models since 1975

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)

eKIPASS(KIPO internal) & keywords: pipe, support, fix

C. DOCUMENTS CONSIDERED TO BE RELEVANT

Category*	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.

☐ Further documents are listed in the continuation of Box C.☒ See patent family annex.

* Special categories of cited documents:

"A" document defining the general state of the art which is not considered to be of particular relevance

"E" earlier application or patent but published on or after the international filing date

"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of citation or other special reason (as specified)

"O" document referring to an oral disclosure, use, exhibition or other means

"P" document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention

"X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

"Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art

"&" document member of the same patent family
