(Continued)

The broken lines shown in the figures that are immediately adjacent to the shaded areas and define unshaded regions represent the bounds of the claim. The bounds of the left, right, top, and bottom sides of the large display screen extend beyond the solid line showing of the edges, wherein only the broken line edges form no part of the claimed design. All other broken lines, including the features within broken line boundaries, are directed to environment. The broken lines form no part of the claimed design.
