Primary Examiner—Stella Reid

The ornamental design for a mesh chewing gum bag for patients with swallowing disorders, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of the mesh chewing gum bag for patients with swallowing disorders showing my new design;

FIG. 2 is a rear elevational view thereof;

FIG. 3 is a right side view thereof;

FIG. 4 is a left side view thereof;

FIG. 5 is a top plan view thereof; and,

FIG. 6 is a bottom plan view thereof.

In Figures 1 through 4, the dental floss cording of the article is shown broken away to indicate the indeterminate length.
