(57) **CLAIM**

The ornamental design for a brush, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a brush showing our new design.

FIG. 2 is a front elevation view thereof.

FIG. 3 is a rear elevation view thereof.

FIG. 4 is a left side elevation view thereof.

FIG. 5 is a right side elevation view thereof.

FIG. 6 is a top plan view thereof.

FIG. 7 is a bottom plan view thereof; and,

FIG. 8 is an isometric view of the brush shown in an alternate environment.

The broken lines adjacent the shaded areas on the handle as well as the outermost continuous broken line on the bottom of the head represent unclaimed boundaries. The broken lines showing bristles or a pad and the central area on the bottom of the head illustrate environment of the brush that along with the unclaimed boundaries form no part of the claimed design.
