DESCRIPTION

A portion of this disclosure of this patent document contains material to which a claim for copyright and/or trademark is made. The copyright and trademark owner has no objection to the reproduction of the patent document or the patent disclosure as it appears in the U.S. Patent Office record, but reserves all other copyright and/or trademark rights whatsoever.

The FIGURE is a front view of a display panel with graphical user interface.

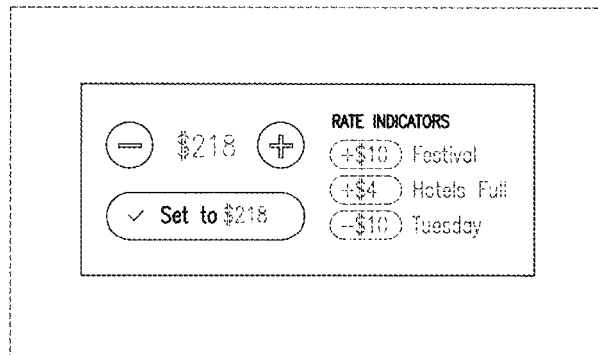

The outermost broken line showing of the display panel and all other broken lines showing portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.
