(54) **Title:** SYSTEMS, METHODS, SOFTWARE, AND INTERFACES FOR FORMATTING LEGAL CITATIONS

(57) **Abstract:** The present inventor devised, among other things, a citation formatting system, method, and software. The exemplary system provides the citation formatting function in a client-server architecture, receiving citations from a user's client access device over a computer network and communicating citation format suggestions back to the client access device for possible insertion into a document on the access device.
