(57) **CLAIM**

We claim the ornamental design for a two-piece connector for flat blade, as shown and described.

DESCRIPTION

FIG. **1** is a top perspective view of a two-piece connector for flat blade according to the present invention;

FIG. **2** is a right side view of the two-piece connector for flat blade;

FIG. **3** is a left side view of the two-piece connector for flat blade;

FIG. **4** is a front end view of the two-piece connector for flat blade;

FIG. **5** is a rear end view of the two-piece connector for flat blade;

FIG. **6** is a top end view of the two-piece connector for flat blade;

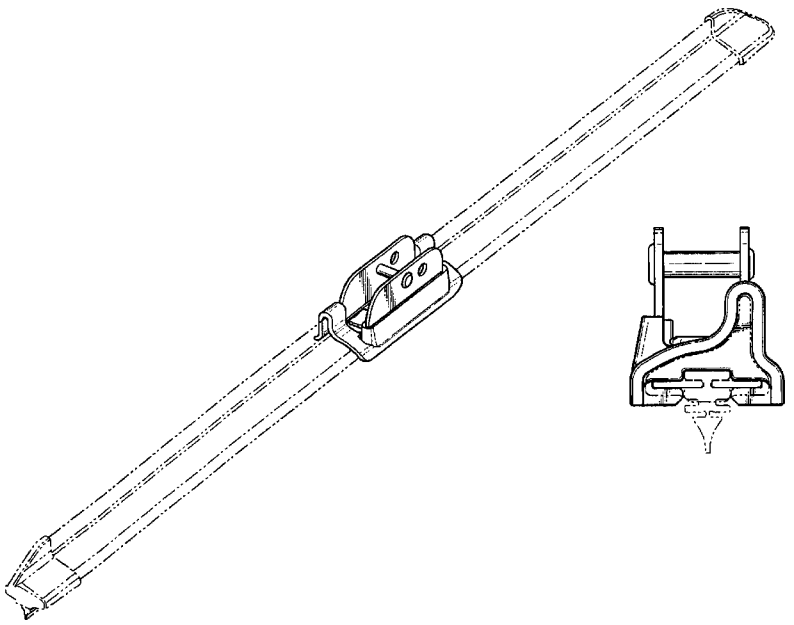

FIG. **7** is a bottom view of the two-piece connector for flat blade; and,

FIG. **8** is a bottom perspective view of the two-piece connector for flat blade.

The ornamental design which is claimed is shown in solid lines in the drawings. Any broken lines in the drawings are for illustrative purposes only and form no part of the claimed design.

The two-piece connector for flat blade is shown on an enlarged scale in FIGS. **2–7**.
