(57) **CLAIM**

The ornamental design for a portion of a motorcycle rim, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of a motorcycle wheel embodying the present invention;
FIG. **2** is a side view of the design shown in FIG. **1**; and,
FIG. **3** is an enlarged section view of the design taken along line **3—3** in FIG. **2**.
The present application is directed to the design illustrated in the drawings. The other features of the drawings, such as the tire, hub, and spokes shown in FIG. **1**, are not considered part of the design sought to be patented, and have accordingly been shown in broken lines.
The side view opposite FIG. **2** is a mirror image of FIG. **2**.
