CLAIM

The ornamental design for a vending machine container for mobile phone accessories, as shown and described.

DESCRIPTION

FIG. 1 is a vending machine container for mobile phone accessories shown as an isometric view made from a transparent material;

FIG. 2 is an exploded view of FIG. 1, showing additional details of the parts of FIG. 1; and,

FIG. 3 shows a vending machine container for mobile phone accessories in actual use with a mobile phone accessory inside the vending machine container.

The broken line shown in FIG. 2 is for the purpose of illustrating alignment of the exploded view, and which forms no part of the claimed design. The broken lines shown in FIG. 3 are for purposes of illustrating environmental structure associated with the claimed design in condition of use, and which forms no part of the claimed design.
