CLAIM

The ornamental design for a telescoping automobile door guard, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a telescoping automobile door guard showing my new design in an extended position;

FIG. 2 is a bottom plan view thereof in a collapsed position, the top plan view being a mirror image;

FIG. 3 is a left end elevational view thereof;

FIG. 4 is a right end elevational view thereof;

FIG. 5 is a bottom plan view thereof in an extended position, the top plan view being a mirror image;

FIG. 6 is a rear elevational view thereof broken away at two places for convenience of illustration;

FIG. 7 is a front, bottom and right end perspective view thereof in an extended position; and,

FIG. 8 is a front and left end perspective view thereof in partially extended position on an automobile which is shown in broken lines for illustrative purposes only and forms no part of the claimed design.
