(57) **CLAIM**
 We claim the ornamental design for a TV receiver with animated graphical user interface, as shown and claimed.

DESCRIPTION

FIG. 1 is the first image in a sequence for a TV receiver with animated graphical user interface, showing our new design; and, FIG. 2 is a second image thereof. The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another image forms no part of the claimed design. The broken lines shown in the figures are for the purpose of illustrating portions of the article, and environmental matter, and form no part of the claimed design. The dash dot lines define the boundary of the claimed design, and form no part of the claimed design.
