(57) **CLAIM**

The ornamental design for a display screen with graphical user interface for a boiler, as shown and described.

DESCRIPTION

The sole FIGURE depicts a front view of a display screen with graphical user interface for a boiler, showing our new design;

The outermost broken lines define the bounds of the claimed design. Other broken lines shown within the boiler user interface for a screen display represent unclaimed portions of the boiler user interface for a screen display and are for environmental purposes only; the broken lines form no part of the claimed design.
