To all whom it may concern:

Be it known that I, Jean G. Theobald, a citizen of the United States, residing at Meriden, county of New Haven, State of Connecticut, have invented a new, original, and ornamental Design for a Dish or Other Article of Hollow Ware, of which the following is a specification, reference being had to the accompanying drawing, forming a part thereof.

Figure 1 is a top plan view of half of a dish showing my new design, the other half being identical in appearance, and the border ornamentation being continued around the entire circumference.

Figure 2 is an elevational view of the dish shown in Figure 1.

Figure 3 is a fragmentary view of the ornamentation only, on an enlarged scale, for the purpose of bringing out the details of the designs.

Figure 4 is a sectional view on line 4—4 of Figure 3.

Figure 5 is a sectional view on line 5—5 of Figure 3.

The design is here shown as applied to a dish, but it is also intended for use on sets comprising various articles of hollow ware for table use.

I claim:

The ornamental design for a dish or other article of hollow ware, substantially as shown and described.

JEAN G. THEOBALD.
