(57) **CLAIM**

The ornamental design for a replay icon for a display screen, as shown and described.

DESCRIPTION

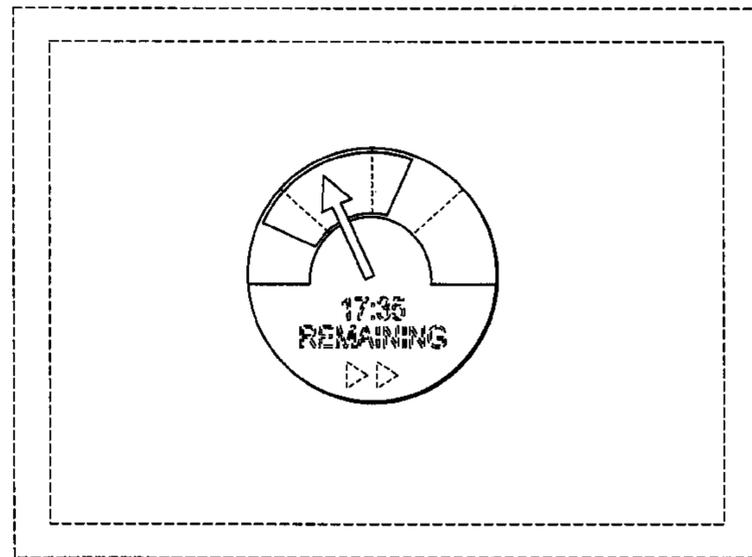

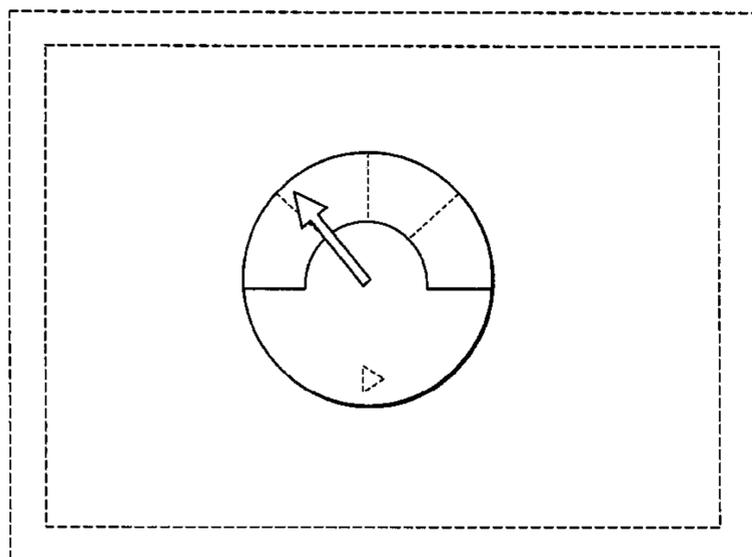

This disclosure relates to a replay icon for a display screen such as a television display screen, and in a particular embodiment, a display screen in conjunction with digital video recorded or recording replay.

FIG. 1 is a front elevational view of a replay icon for a display screen, according to the first embodiment of my invention; and,

FIG. 2 is a front elevational view of a replay icon for a display screen, according to the second embodiment.

The broken lines showing of the display screen and the inside details of the replay icon for a display screen is included for the purpose of illustrating environmental structure and form no part of the claimed design.
