(57) **CLAIM**

The ornamental design for a counterweight for a golf club, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the counterweight attached to a handle of a golf club. The handle is shown in dashed lines and forms no part of the present design. FIG. 2 is a top view of the counterweight. FIG. 3 is a bottom view of the counterweight. FIG. 4 is a side view of the counterweight. Since the counterweight is radially symmetrical, other side views will be substantially the same; and, FIG. 5 is a cross-sectional view of the counterweight taken along lines 5-5 in FIG. 2. The cross-sectional view is included to show the shape of the underside surface of the counterweight.
