Title: GLYCEROL-FREE OSMOTIC LAXATIVE SUPPOSITORY

Abstract: The object of the present invention is an osmotic component, stabilizer and wetting agent containing laxative suppository, wherein the osmotic component and the stabilizer is PEG 200 and/or a polyethylene glycols with higher molecular weight.
**INTERNATIONAL SEARCH REPORT**

**A. CLASSIFICATION OF SUBJECT MATTER**

**INV. A61K9/02**

ADD.

According to International Patent Classification (IPC) or to both national classification and IPC:

**B. FIELDS SEARCHED**

Minimum documentation searched (classification system followed by classification symbols)

A61K

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched:

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)

EPO-Internal, BIOSIS, EMBASE, INSPEC, WPI Data

**C. DOCUMENTS CONSIDERED TO BE RELEVANT**

* Special categories of cited documents:

"A" document defining the general state of the art which is not considered to be of particular relevance;

"E" earlier document but published on or after the international filing date;

"L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified);

"O" document referring to an oral disclosure, use, exhibition or other means;

"P" document published prior to the international filing date but later than the priority date claimed.

*"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention;

*"X" document of particular relevance: the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone;

*"Y" document of particular relevance: the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art;

*"S" document member of the same patent family.

Date of the actual completion of the international search: 24 October 2011

Date of mailing of the international search report: 28/10/2011
